

Caribou Rally in Support of Forestry Communities, Forest Industry and Forestry Contractors

The caribou conservation planning process has been underway for a long-time and the outcomes will have profound impacts for our communities, the forest industry and our membership, forestry contractors.

**The Alberta Forest Alliance is hosting a public rally in
Edmonton at the Alberta Legislature on
February 22, 2018 from 1pm to 2:30 pm**

All citizens in these communities will be impacted so let's join together and show our government the importance of this issue by having a strong presence.
